

February 26th, 2026
9th Edition

Greetings Tractor Friends,

Enough of the Snow'n & blow'n and 5 layers of cloths just to get out of the door. I am ready for some warmer weather... Winter has not been very kind at our house. Three broken water lines & Bret fell on Christmas Eve day and fractured his hip. "NO" he was not drinking, but I have thought about it several times since. It is quite the story I'm sure he will be happy to share should you ask him about it.

With all of that aside we have had lots of watching basketball with 3 of our grandchildren playing. Now it's almost over & baseball season is on the horizon.

It is TRACTOR TIME once again.

First of all thanks to all of those that worked the Topeka Farm Show & a special thank you to Dennis & Elaine Engle who worked our shift opening day. So, here we are at our first members meeting. Our annual tractor ride is set for June 6th, leaving from Princeton & going to Williamsburg to participate in their J-Hawker days parade. More details will follow as Scott gets things organized. If you have not been on one of our tractor rides you are really missing out on a great day of fun. Last year we had 18 tractors & two trams of family & friends. Let's keep the momentum going !!!

Lets keep in our thoughts and prayers:

The Family of Jerry Fritts in his unexpected passing.

The Family of Twilla Eisele.

The Family of Curtis "Corky" Miller

Still in recovery from illness:

Dave Reeves Hip surgery

Bret Hunsperger Hip fracture

Jackie Robbins Back surgery

Brandi Harnett Surgery

David Hunter Stroke

*I'm Sure that there are some that I am
Not aware of, so we will just say
"STAY PRAYED UP"*

*Words of Wisdom:
The grass is always Greener
where you water it.*

*Our next meeting will be April 7th. 7pm
Don't forget to check out our new T-shirts
And pick up your fleece if you ordered any.*

*Have a Happy Spring
Shirley Hunsperger*
